9th April 2010

Dear Vicki,

On behalf of the Child Bereavement Charity I would like to send you and the rest of the members at the Riverside Players our sincere thanks for your extremely kind donation of £100 after hearing of us through one of your current members, Paul Freeman.

We were very touched by your kindness and are very grateful for your support. All donations we receive are put to very good use in furthering our support of families who sadly experience the death of a baby or child, or when a child is bereaved. The generosity you have shown means a great deal to the Child Bereavement Charity and is very much appreciated. We simply could not continue the work we do without the kind support from organisations such as the Riverside Players.

Kind regards,

Emma Riley
Fundraising Officer
